

TA TEACHING AWARD – LONGITUDINAL ICES SCORES

You will submit your ICES scores by obtaining your ICES Longitudinal Profile from Measurement and Evaluation and including it in your application.

Your ICES Longitudinal Profile contains a chronological listing of your ICES Item 1 (“Rate the instructor’s overall teaching effectiveness”) and Item 2 (“Rate the overall quality of this course”) evaluation results. We will use only the results from Item 1 as part of the teaching award decision process.

You can request an ICES Longitudinal Profile at go.illinois.edu/icesprofile. You will be asked to log in before you can fill out the form. The mail code for the Math Department is MC-382 (you’ll need this as part of your campus address). Please do not list another “recipient beyond instructor”. You will receive an envelope with 2 profiles and you need only put one in your portfolio. When you have submitted the form, you will receive an email indicating that you have requested an ICES Longitudinal Profile.

Please allow 10-14 days for Measurement and Evaluation to process your request.
